# COURSE OUTLINE: CPC20220 - Certificate II in Construction Pathways

Dear Student, Parent/Guardian,

Welcome to My Industry Training!

Thank you for choosing to undertake your training with us. This course outline provides important information about your qualification, including what you will learn, how your training will be delivered and assessed and the opportunities available upon completion.

Please read this course outline and the Student Handbook before commencing your training, as both documents contain important information to support your learning journey.

01 / DISCOVER YOUR COURSE

## What will you learn?

CPC20220 Certificate II in Construction Pathways introduces students to the construction industry and provides the opportunity to develop practical skills used across a range of construction trades, including carpentry, bricklaying and other occupations in general construction.

Throughout the course, students will gain hands-on experience using industry tools, equipment and materials while developing essential skills in workplace safety, communication, measurements and basic construction techniques.

This qualification provides a foundation for further training, employment and future apprenticeship opportunities within the construction industry.

02 / YOUR OUTCOMES

## What can you achieve?

On successful completion of the course, students can achieve:

- **Nationally Recognised Qualification:** CPC20220 Certificate II in Construction Pathways.
- **4 QCE Points:** Contribute four (4) credits towards the Queensland Certificate of Education.
- **Construction Safety White Card:** Required safety training for entry onto construction sites.
- **Future Career Pathways:** Opportunities for employment and apprenticeship opportunities.

***PLEASE NOTE:*** *QCE credits, funding and other outcomes must be checked against the current requirements for each course and student.*

03 / HOW YOU WILL LEARN

## A mix of hands-on and theory-based learning

Students complete a combination of practical construction activities and theoretical learning throughout the course.

Training is designed to develop industry-relevant skills in a supportive environment, with practical activities undertaken using construction tools, equipment and materials.

**01: LEARN – Develop your knowledge**

**Learn about workplace safety, construction materials, industry practices and the skills required to work in the construction industry.**

**02: PRACTISE – Build your practical skills**

**Use construction tools and equipment to develop hands-on skills through supervised practical activities and construction projects.**

**03: COMPLETE – Demonstrate your competency**

**Complete practical and theory-based assessment activities to demonstrate the skills and knowledge required for each unit of competency.**

**04: PROGRESS – Work towards your qualification**

**Successfully complete all required units of competency to achieve your nationally recognised qualification and explore future construction pathways.**

04 / COURSE CONTENT

## Units of competency

CPC20220 Certificate II in Construction Pathways consists of 10 units of competency, including 5 core units and 5 elective units.

- **CPCCOM1012** Work effectively and sustainably in the construction industry
- **CPCCOM1013** Plan and organise work
- **CPCCOM1015** Carry out measurements and calculations
- **CPCCVE1011** Undertake a basic construction project
- **CPCCWHS2001** Apply WHS requirements, policies and procedures in the construction industry
- **CPCCCA2011** Handle carpentry materials
- **CPCCCM1011** Undertake basic estimation and costing
- **CPCCCM2004** Handle construction materials
- **CPCCCM2006** Apply basic levelling procedures
- **CPCWHS1001** Prepare to work safely in the construction industry

05 / ASSESSMENT

## How assessment works

Students will complete a combination of practical and theory-based assessments throughout the course.

Practical assessments involve using construction tools, equipment and materials to complete a construction project on school grounds, while online theory activities assess students' understanding of workplace safety, construction practices and industry requirements.

All assessments are completed with trainer guidance and support.

06 / GOVERNMENT FUNDING

## Funding Eligibility

**$0** **For Eligible Queensland Year 10, 11 or 12 students accessing VETiS funding.**

*VETiS funding can only be accessed once for one qualification. Students who have already used their funding may enrol on a fee-for-service basis.*

**ENTRY REQUIREMENTS**
Basic English skills, internet access, a valid USI and appropriate identification.

**WHAT TO BRING**
A registered trainer will provide all required tools, equipment & PPE.

**STUDENT SUPPORT**
Additional support is available. Contact our team to discuss your individual needs.

YOUR ENROLMENT CHECKLIST

- Read this course outline and the Student Handbook
- Check course suitability and funding eligibility
- Complete the enrolment form providing all required information
- Ensure you have a valid Unique Student Identifier (USI)
- Contact our team if you need additional learning support
